Subject: Mike Paul presentation to ND
Attachments: NSTEPS ND Project National Model Exploration 20200623.pptx

Jim and Danielle,

I'm sending you this presentation by Mike Paul in case I had forgotten to do so. Tetra Tech has an NSTEPS project with ND to interpret their narrative for lakes and Mike did an exercise to demo how the national 304(a) criteria might work for ND. So, Mike explained how the models operated (as he understood them), and generated candidate criteria based on different scenarios. This was informative to me.

Mario
